

RAF HITS GERMANY IN BIGGEST RAID

REPORT REVOLT SPREADING IN LOW COUNTRIES

Uprisings Against Nazis Rage in Holland and Move Into Belgium.

By The Associated Press. — Reports from Holland and Belgium said today that a revolt was spreading like wildfire in the low countries, where there was a series of attacks on German troops, military establishments and communications.

Reverberations of the allied victory in Africa were said to be shaking the whole of Hitler's Europe.

Accounts of sabotage, armed clashes and general resistance poured in from Poland, Norway, Denmark and Greece, but the Dutch and Belgians appeared to be giving Nazi occupation forces the greatest trouble.

There were indications in reports reaching here that the Germans were sending additional troops into the low countries, but it was not clear whether this was in anticipation of an allied invasion or to suppress rebellion.

14 Guards Killed. — Belgian patriots were reported to have stormed a military garage in Ghent, killing 14 guards and demolishing 11 trucks with hand grenades. Others detailed said wrecked three trains on the Maastricht-Louvain and Maastricht-Huy lines, local sources said. One train was said to have carried troops entering Belgium, many of whom were killed. The other two trains carried munitions, it was reported.

Advices from the continent said railways were being attacked at many points, the Germans were detaching special guards armed with machine-guns on each car.

A similar report came from Warsaw, where a locomotive was said to have been badly damaged just as it entered a station. A German railway inspector killed the Polish engineer and fireman at the spot, it was reported.

Whereupon Polish workmen beat the inspector and two other Germans to death with crowbars. Hastily summoned Nazi troops were declared to have killed five Poles.

The Italians were said to have established an 8 p. m. curfew along the Mediterranean coast of France.

The Dutch government-in-exile in London urged Holland's 400,000 men to resist the German orders to register for internment today as news of the smashing axis defeat in North Africa inspired new unrest in Adolf Hitler's European citadel.

The Dutch appeal, broadcast by (Turn to DUTCH, Page 16).

BUS AND TROLLEY STRIKE HITS AKRON

Entire Mass Transportation System Tied Up.

By The Associated Press. — Akron, O., May 13 — A strike by CIO bus and street car operators today tied up Akron's mass transportation system, making thousands of workers dependent upon motorists to get to their jobs on time.

More than 200 operators walked out at 4 a. m. (eastern war time) after pulling all the Akron transportation Co's rolling stock off the streets.

During the morning rush hour, on a street car, bus or trolley was in sight at a downtown transfer point where thousands of workers were cars to reach the city's major plants.

Workers passing the transfer point, however, stopped their automobiles to pick up pedestrians.

The strike also tied up transportation in and from neighboring Cuyahoga and Cuyahoga Falls, which are served by the Akron company.

Members of the company board of directors came without warning.

Members of the union expressed their protest by picketing the company's headquarters, but they refused to delay the company's operations.

Last of Axis Army in Tunisia Mopped Up

Marion County Praised for Successful Blackout

Civilian Defense, Public Cooperation Called Good; Morrow and Delaware Among Counties in Test.

By LOREN W. TIBBALS

"Unusually successful" was the verdict of state Civilian Defense officials on a 36-minute regional blackout in which Marion county and eight other central Ohio counties participated last night.

MARION COUNTY — William R. Martin, Marion county CD coordinator, described as "splendid" the blackout in the city in which over 2,000 CD workers served.

MARION COUNTY — Reports from the six rural CD councils showed the test was equally successful in all parts of the county. Only "incidents" reported were small fires at LaRue and Green Camp and a minor auto collision in LaRue. Response of both public and CD workers was "good."

MORROW COUNTY — Mr. Gilead's first CD demonstration was termed a success with all CD personnel reporting for duty excepting one air raid warden.

DELAWARE COUNTY — In Delaware city and county about 400 CD workers were on duty in a demonstration reported as "highly successful."

Reports from throughout the nine counties included in the test showed a minimum of violations and most of these were the result of misunderstanding of signals, said Ralph H. Stone, state civilian defense director, in terms of the test.

The blackout was set up as a 36-minute test, but in Marion it actually lasted only 34½ minutes. This was due to the time which elapsed in the making of calls from state headquarters to county CD councils.

Kenton Inspector Here. — In Marion to inspect the local council's facilities was Phil C. Herren of Kenton, a field representative for the state CD council. "Because of regulations," Mr. Herren was unable to comment officially on the local blackout.

A written report of his observations and findings will be filed with Maj. C. H. Miller, a liaison officer between Civilian Defense and the Fifth Service Command. The same report will also be filed with State Civilian Defense Director, Stone, Mr. Herren said.

Inspector Herren and Coordinator Martin viewed the city blackout from atop the Under & Phillips building after the inspector noted mobilization of key control center workers.

First signal of the test was received by city police from state headquarters in Columbus at 9:48. Nineteen and a half minutes later the first audible signal was sounded, and the city continued blackout for 34½ minutes with over 2,000 CD workers on duty in the city and an additional 1,000 serving throughout the rural area.

Plane Over City. — During the early stages of the blackout a large bomber flew over the city and county. While no official statement was made linking the plane with the nine-county blackout, it was believed the ship carried Major Miller and Col. C. H. Hirsch, chief liaison officer between CD and the service command.

Commenting on the test late last night, Coordinator Martin described it as the better of the two blackouts in which Marion county has participated. "Everybody functioned in a fine shape," the defense corps as a unit functioned perfectly and public response couldn't have been a whole lot better. Particular attention was paid in this test to the handling of traffic and the results were far beyond expectations," he said.

Last night's test will be the last advertised blackout for the Marion area, was revealed by Inspector Herren. He said future tests would probably be surprises to the entire local personnel. "This is the state council's means of testing the actual efficiency of the unit and to show the local council's importance in the event of an actual enemy raid."

Civilian Defense blackout and mobilization to the community as it is important to the Marion city fire department or of a training drill of the city police force. A surprise test will pretty much demonstrate the efficiency of the council's personnel," he continued.

Covers 16 Counties. — Mr. Herren, state CD representative for 16 northwestern Ohio counties, attended the test, conducted by Purdue University last October, and joined the state staff in January of this year.

In addition to his duties with Civilian Defense he operates a wallpaper and paint store in Kenton.

Shortly after the Yellow Warning Signal No. 1 was received at the control center, Inspector Herren said.

GEN. VON ARNIM AMONG 175,000 AXIS PRISONERS

Alexander Calls Victory One of Most Complete, and Decisive in History.

By The Associated Press

ALLIED HEADQUARTERS IN NORTH AFRICA, May 13 — Allied mopping up parties hunted the last ragged remnants of Hitler's African armies in Tunisia today to round out a victory which Gen. Sir Harold Alexander said was "one of the most complete and decisive in history."

A military spokesman estimated that the prisoners would total "near 175,000" when the last of the hold-out detachments were rounded up in the offensive launched May 5.

All organized resistance had ended.

The allied air force, with no more targets in North Africa, moved its aerial offensive across the Mediterranean.

German and Italian armies were crushed, and their commander in chief, Col. Gen. Jürgen von Arnim, was among the 150,000 captives already counted.

At least 16 axis generals were in the bag.

Among these was Gen. Giovanni Messe, whom the Rome radio identified as a marshal and commander of the Italian First army.

Messe was one of the last to hold out in the southern pocket. Called upon to yield, he refused to surrender to any but his old opponents in the British Eighth army. That formality was arranged.

It was reported here, but not confirmed, that one of the sons-in-law of King Vittorio Emanuele of Italy was fighting under Messe and surrendered to him.

Surrenders to Anderson. — Lieut. Gen. K. A. N. Anderson of the British First army received Von Arnim yesterday in his headquarters tent after the German, refusing to accept terms of unconditional surrender, was driven nearly 100 miles by automobile for an interview.

Illustrating the allied dominance, the Briton told war correspondents: "The situation is such that if Von Arnim's sign the terms it won't matter anyhow."

Von Arnim was cornered by the Fourth Indian division, near Sie. Marie Du Zill, midway between Tunis and Enfidaville, and on the approaches to the Cap Bon peninsula. He sent out convoys under a white flag and then surrendered. These were that the enemy cease destruction of war material, turn over weapons, undamaged, reveal details of mine fields and assist in clearing them.

The small pockets of enemy soldiers who fought on either had not heard about the general debacle or preferred to remain in action despite the surrender of their commander.

Axis Badly Fooled. — General Dwight D. Eisenhower, reviewing the six-month campaign, said: "General Alexander, his deputy commander in chief in charge of ground forces, maneuvered cleverly, so the First army got in the knockout punch from the west while the bulk of the enemy troops were held on the southern front by the fact, every one, including the Germans," expected the Eighth army again would strike the major blow.

The commander in chief said Britain, the United States and the allied French "have a real reason for encouragement and hope as a result of this campaign."

Allied armies dropped their final bomb in Africa at midnight yesterday. It was dropped by the desert air force, which loosed its first one June 11, 1940, on Tobruk the day after Italy entered the war.

But the air force announced there would be no letup. It means merely that its attacks will be

(Turn to AFRICA, Page 23)

Two Axis Generals Surrender

GENERAL MESSE

ALLIED HEADQUARTERS IN NORTH AFRICA, May 13 — The Italian General Giovanni Messe surrendered today to the British Eighth army and it was reported here, but not confirmed, that one of the sons-in-law of King Vittorio Emanuele of Italy gave up with him.

COL. GEN. JURGEN VON ARNIM (left), 54-year-old Prussian who succeeded Marshal Erwin Rommel as axis commander-in-chief in Africa, was captured by British troops as they overran Cap Bon peninsula. He is shown as African commander congratulating a member of a German tank crew. This photo reached the United States from London.

BOMBER BOND TOTAL \$119,481

Yesterday's Sales Raise Fund to 37 Per Cent of Goal.

Sales totaling \$9,483.75 yesterday gave Marion county a new total of \$119,481.25 today in its May campaign to sell \$325,000 in war bonds, or enough to pay for a four-motored bomber.

The score today stood at nearly 37 per cent of the goal raised but with 40 per cent of the month gone.

Payroll deduction purchases in the next few days are expected to boost sales enough to offset this handicap, but drive leaders again emphasized the importance of boosting the sales of extra bonds.

Frank Paul, of the national war bond staff, arrived from Cleveland this morning to begin a series of talks to factory worker groups. He was accompanied by Harold J. Grigsby, head of the payroll deduction phase of the war bond campaign in the county.

The first organization to officially report exceeding its quota is the Marion B'nai B'rith, an organization of 10 members who topped a \$10,000 goal by a wide margin. Already the organization's purchases and sales amount to \$12,375, and another \$800 is promised, officials reported to the county drive headquarters in the Chamber of Commerce office.

Yesterday's sales at the Victory house on the courthouse lawn amounted to \$862.50 in bonds and \$4.43 in stamps women volunteer workers in charge reported.

PENCIL MAKER DIES. — NEW YORK, May 13 — Lothar W. Faber, 81, president of the Eberhard Faber Pencil Co., since 1888, and vice president of the Eberhard Faber Rubber Co., Newark, N. J., died yesterday.

War Summary

RAF RAID — More than 1,500 tons of bombs dropped on Duisburg, Germany, in biggest raid of war. Thirty-four planes missing.

TUNISIA — Allies mop up last remnants of axis army in Africa. Gen. Von Arnim and Gen. Messe captured.

PACIFIC — Admiral Halsey and Gen. MacArthur confer in Australia.

RUSSIA — Soviet troops occupy important position in resurgence of fighting in Donets valley.

NETHERLANDS — Dutch radio urges ex-servicemen to defy Nazis' orders for their rearmament.

Morral Man Reported Prisoner of Italiana

Pvt. John W. Koontz, son of Mrs. Margaret Koontz of Morral, is a war prisoner of the Italian government. The Associated Press reported today in an account of a War department announcement from Washington. He previously was reported missing in action in Africa.

Reduction of Milk Deliveries Proposed

A proposal to cut milk deliveries to every other day in Marion was discussed in a meeting of Marion dairy representatives at Hotel Harding last night, arranged by officials of the federal Office of Defense Transportation. All of Marion's six dairies were represented. Another meeting to further consider the proposal will be held next week.

ARKANSAS FLOOD WORST IN HISTORY

By The Associated Press. — PORT SMITH, Ark., May 13 — The worst Arkansas river flood in history rushed down the lower valley today, toppling or smashing levees and flooding additional thousands of acres after creating here a 14½ foot, 2-7½ foot higher than the record stage which had stood 110 years.

Receding here almost as rapidly as it had risen, the river left in its wake six known dead, 22 missing, hundreds homeless and untold property damage in Oklahoma as it pushed its burden into Arkansas. Seven of the missing were Camp Gruber, Okla. soldiers engaged in rescue work.

Downstream, the U. S. Engineers abandoned hope, with one exception of saving any major levees between here and Little Rock. They turned their attack on the Arkansas and to battling the rampaging White and St. Francis rivers in eastern Arkansas.

Fort Smith and Camp Claiborne were cut off from their principal sources of water with only six days supply in emergency reservoirs. Across the river, Van Buren was without light and power, and one-third of the community was under water. Some 600 blocks of Fort Smith, a city of 40,000, was under water ranging from a few inches to several feet in depth.

Fort Smith virtually was isolated. Only the rooftops of buildings in West Fort Smith, across the Arkansas-Oklahoma bridge, showed above the surface of a lake of backwater that was five miles across.

NEW FARM MACHINE PROGRAM MAPPED

By The Associated Press. — WASHINGTON, May 13 — A revamped farm machinery production program raising food to a No. 1 priority level with munitions and weapons is being formulated by the war production board and food administration.

This was disclosed today by M. Lee Marshall, deputy food and farm administrator in charge of supplies, machinery, equipment, materials and facilities.

Enough steel and other materials will be made available, for farm machinery, beginning about July 1, to allow an output for 1944 crop use equivalent to about 80 per cent of 1940 production.

Manufacture of machinery for this year's crop was held to less than 40 per cent of the 1940 volume under a WPB allocations program which gave munitions priority over food production supplies.

Marshall said he expected details of the new machinery program to be announced soon so as to allow manufacturers ample time to arrange for a speedup in their operations in July.

The 1943 machinery supply has been described as one of the weaker links in the food production chain. Food Administrator Chester C. Davis said recently the supply of new machinery for 1943 was not "entirely satisfactory in view of the high production goals."

BIG BOMBERS RAID DUISBURG FACTORY AREA

More Than 1,500 Tons of Explosives Dropped; Report 34 Planes Lost.

By The Associated Press. — LONDON, May 13 — British bombers delivered their heaviest attack of the war on Germany last night, dropping more than 1,500 tons of bombs on the battered industrial center of Duisburg. It was announced today.

Thirty-four bombers were reported lost in the raid — the first great night attack on the Reich since the smashing assault on Dortmund May 4.

Allied raiders followed up this assault by streaming across the English channel this morning in bright sunlight to smash at the east of occupied France. The rumble of heavy explosions rolled back across the channel, and later twin-motored bombers came winging home under a swarming escort of fighters.

Duisburg, situated at the junction of the Rhine and Ruhr, is a vital transport and communications center in addition to being the site of important war industries.

Last night's attack on the city in one of the heaviest assaults undertaken by the RAF up to that time.

(The German high command communique said explosives and incendiaries wrought extensive damage in some places of western Germany, particularly in the city areas of business.) Broadcast from Berlin and received by The Associated Press said that the population suffered casualties.

A Canadian who participated in the great raid said:

"There were lots of really neat fires, but one of them topped anything I have seen. It started with an explosion that shot flames 2,000 feet high. When it died down thick black smoke rose about 6,000 feet."

Another crewman described the same burst as "a terrific explosion that started with a tremendous white flash and lasted long enough for me to look up from the controls and see it die away."

All expressed conviction a huge ammunition dump had received a direct hit.

Visibility Good. — An air ministry communique said visibility was good last night and that preliminary reports "indicate excellent results."

The communique did not specify the exact weight of bombs dropped on Duisburg, but characterized the raid unequivocally as "the heaviest attack of the war."

The greatest weight of bombs previously tossed on a single target was 1,500 tons — a record that was set in the great 1,000-plane raid on Cologne nearly a year ago and probably was equaled in the May 4 raid on Dortmund.

The Canadian air force was well represented in the raid, which participated in last night's raid. Nine of the missing bombers were said to be Canadian.

Selection of Duisburg as the target was regarded as significant, inasmuch as it is Germany's greatest inland port and one of the main keystones in the transportation system on which Adolf Hitler must depend for supplying his defense forces in France.

Much of the munitions and troops which back the required to meet an allied invasion thrust across the English channel would have to move through Duisburg.

Other Bombers Busy. — Bombers of the British coastal command also were busy last night while the main raiding force was over Germany, a formation of torpedo-carrying Hampdens attacking axis shipping off Norway and leaving one vessel sinking, the air ministry said.

The German air force, meanwhile, struck back with a night attack on the British east coast town which the Berlin radio identified as the fishing village of Lowestoft. One bomb destroyed an inn, and 12 bodies were found in the wreckage.

The RAF raid on Duisburg was the high point of an allied spring aerial offensive which has placed heavy emphasis on paralyzing Hitler's transportation facilities.

A ministry of economic warfare spokesman said last night successive raids had crippled the railways in western Europe to such an extent that long queues

Answer Manpower Questions

Dozens of questions about the Marion Area War Manpower Committee and its plan for stabilization of employment in Marion, Hardin, Wyandot and Crawford counties pour daily over the counters at the U. S. Employment Service in Marion. These typical questions and answers, prepared by the regional manpower office at Cleveland, help explain the

purpose of the stabilization and how it works.

Q. What is an employment stabilization, or "job control" plan?

A. It is a voluntary agreement adopted by a committee composed of equal numbers of representatives of management and labor. Parts of it are made necessary by

the President's "hold-the-line" order of April 8, 1942.

Q. What is the purpose of this plan?

A. To provide for the orderly transfer of workers to the jobs which they can best serve the war effort. Other purposes are to prevent labor piling up by employers, useless changes of jobs by workers, reduced labor turnover and less absenteeism.

Q. Does this plan "freeze" workers on their jobs?

A. It does not. On the contrary, it sets up a practical system which any worker may use in obtaining a new job if he isn't working full time now in the kind of employment in which he will be most useful in the war effort.

Q. Does the plan prevent workers from getting more pay?

A. No. The plan does not control wages, working conditions or promotions. It merely provides that a worker can not quit one useful job and take another merely because he can get more money.

Q. Why is it necessary to have a job control plan covering these three states? (Ohio, Michigan and Kentucky).

A. To give workers and employers the same type of protection in areas which do not have plans as management and labor has in those areas in which employment stabilization plans have been adopted.

Q. Does the plan prevent a worker from moving from one community to another?

A. Not if the move is in the interest of our war effort. If a worker can not find a job at his best skill in the community where he is now, he should visit his local United States Employment Office and explain his situation. If he is needed elsewhere he will be referred to a job. But he should not move without first consulting his employment office in his own home town.

Q. What effect will the plan have on migration of workers?

A. Under this system of job control employers are forbidden

to hire migrant workers unless they have been cleared by the employment office in the city in which they lived previously. The worker also must get referral from the USES office serving the employer. This will cut down useless migration and will prevent cities which already are overcrowded from becoming even more congested.

Q. If a man is laid off indefinitely how can he get another job under this plan?

A. By explaining the circumstances to the employment office.

Q. What effect has the plan on contracts between management and labor?

A. None whatever.

Q. Is the plan part of the effort to enforce the President's recent "hold-the-line" order?

A. It is. In fact it was made necessary by the "hold-the-line" order. The President said that workers were not to shift jobs solely to get higher wages. Job shifts, he said, must help the war effort. That is the purpose of this plan.

Q. Who enforces the regional stabilization plan?

A. The regional and area organizations of the War Manpower Commission, with the backing of the national headquarters of this agency. In local communities in which there is no area office of the WMC the local office of the United States Employment Service represents the WMC.

Q. Suppose a man is working in a trade that has been declared non-essential, the doorman for a night club, for example. How can he get permission to take a job in a machine shop making parts for tanks?

A. He doesn't need any permission. He can and should quit and go to work on the new job, if he is fitted for it.

Q. Take the case of another man. He is working in one machine shop, but although he is a skilled lathe hand his present employer keeps him in the shipping room doing rough labor. This man has a chance to run a lathe in another machine shop which also is working on war contracts, but the present employer will not release this worker, nor will he give him a job running a lathe. Can this man get permission to change jobs?

A. Yes. He may apply to his employer and if refused to his USES office for a certificate showing he may be hired by the employer who will use him at his highest skill. Each USES office has a review unit which studies all applications to change jobs and then decides if certificates should be issued.

Q. Suppose either the employer or the employee think the decision is unfair?

A. An appeal may be taken and will be heard through review panels which are set up for this purpose. The appeal may even be carried up to the War Manpower Commission in Washington if either party isn't satisfied.

Q. What is the status of women under this plan?

A. Exactly the same as that of men.

Q. To whom should questions concerning job control be addressed?

A. To the manager of the most convenient office of the United States Employment Service.

Canned cheese for India's fighting men is made from buffalo milk.

CRESTLINE, May 13.—Yvonne Kindinger was appointed president, Mary McCuttry, vice president, Martha Jones, secretary, Dorothy Linn, chaplain; Bonnie Burries, sergeant-at-arms by the advisor, Mrs. Clarence Strauch, when the Junior Legion auxiliary met Tuesday.

Mrs. Strauch spoke on Poppy Day. The girls will sell poppies May 29.

Barbara Garberick presided and an interesting program was given by the girls which included a talk by Yvonne Kindinger on her recent trip to Washington which she won in an essay contest sponsored by the Legion and auxiliary.

Mrs. Otto Nicklaus and Mrs. Frank Raush were hostesses Tuesday.

day to the Women's Missionary society of Calvary Reformed church. Mrs. Floyd Kieps, vice president, presided and, assisted by Mrs. B. J. Fry, Mrs. Albert Hietner, Mrs. D. O. Ferry and Mrs. Edward Sprout, conducted devotionals.

Plans for a joint public card party with the K. of P. May 18 were completed when the Pyraman Sisters met Tuesday.

Mrs. O. F. Kime and Mrs. P. P. Sager received the club prizes and Mrs. H. F. Cowgill the guest prize in bridge when Mrs. Fred Berk entertained the M. Y. club Tuesday.

Floyd Teeter past noble grand presided when the I. O. O. F. met Tuesday night. The first degree was conferred on one candidate.

Ruth Missionary society of Cal-

vary Reformed church held a mother daughter banquet Tuesday at the Adams country home near Burrus. Covers were laid for 12.

Reports of work at the service center were given when the Women's Benefit Association met in the B. of R. T. hall. Plans were made for a play day program June 18. The convention to be held June 22-23-24 and 25 in Cincinnati was discussed.

A LA VON RIBBENTROP

By The United Press.
LOS ANGELES, Calif.—Joachim von Ribbentrop, Hitler's minister of foreign affairs, is the descendant of an art vandal, according to Dr. Ferdinand Baldensperger of the University of California. He states that the Allgemeine Deutsche Biographie tells how von Ribbentrop's ancestor, a Ribbentrop, went to Paris after

Napoleon's debacle in 1815, on the pretense of aiding the stricken populace but in reality picked out the best art treasures he could find and shipped them back to Germany. The Parisians punned by name to "rib-en-trop," meaning "too much rice."

5 essential vitamins, plus iron

VITAMINS
ARE YOUR FIRST LINE OF HEALTH DEFENSE

According to government authorities, 3 out of 4 people today are under par—nervous, underweight or easily fatigued. Even well-fed people suffer because of a vitamin deficiency in their diet. Now—more than ever before—you owe it to yourself and your nation to maintain your physical and mental alertness. Vitamin products are the answer—supplementing the foods you eat to supply your daily requirements of every vitamin.

"FIT AS A FIDDLE"
That's How You'll Feel When You Take
YEAST AND IRON
For Vitality and Energy
Yeast and Iron Tablets act as an easily-taken, quickly-assimilated tonic for run-down condition. Take them regularly for that "fagged-out" feeling—they'll supply the needed spark of energy to your system by increasing the red-blood corpuscles in your body—and aid your digestion, too! Step up and pep up with Yeast and Iron.

Back From DuBarry School AND FULL OF BEAUTY INFORMATION

OUR beauty consultant has just taken a special course at the Richard Hudnut DuBarry School. She has returned simply aglow with beauty secrets and ideas... She's eager to help you with them.

If you want to look younger, lovelier... let her tell you all about the new DuBarry Beauty-Angle Treatment! It stimulates the circulation naturally and will do wonders for your complexion. If you want to know what makeup to wear with the season's new colors... she can help you achieve a new smartness and glamour.

Come in and consult her. You'll be glad you did!

"FOR YOUR CROWNING GLORY"
YOU WANT A SHAMPOO THAT NOT ONLY CLEANSES—
BUT protects the natural luster of the hair!

ECKERD'S SHAMPOO
is designed to perform BOTH of these functions at once, since it contains:
• Coconut Oil to Cleanse
• Olive Oil to Protect
Just like the most expensive soaps, made from a coconut oil base, for utmost cleansing quality. But in addition, it contains olive oil, which prevents valuable natural hair oils from being washed away. Fragrant and pleasant to use—yet economical because it is highly concentrated.

JOB INSURANCE PLAN OPPOSED

War and Navy Departments Take Stand Against Ohio Program.

By The Associated Press
COLUMBUS, May 12.—The war and navy departments last night informed the house judiciary committee that legislation to enlarge Ohio's unemployment insurance fund appeared to be a device to benefit certain war plants at the expense of the federal government.

"The war and navy departments feel that it is not the purpose of Ohio to impose an additional burden on the war effort," said a statement issued by Commander Eugene M. Mechem of the navy judge advocate general's office and Major Thomas G. Carney of the army judge advocate general's office.

They appeared personally before the committee, which is deliberating a bill to set up a war contract business as a separate account for unemployment insurance.

Wonderful for Skin and Scalp Irritations

Effective Home Treatment Promptly Relieves Torture!

Effects of Federal Ruling
on Networks Studied

By The Associated Press
NEW YORK, May 13—Specula-
tion continues to range widely
over the possible effects of the
FCC new regulations on tuning-
in habits.

It is said affiliated stations
might lose their identity as a per-
ticular network outlet, with result-
ing confusion to the listener. That
situation is seen in the "free
agent" provision which tends to
permit stations to switch from net-
work to network irrespective of
their day-in alignment.
Thus it might be impracticable,
and impossible, to identify pro-
grams in advance listing as the

shows of NBC, for instance, when
they might also be carried by
Cbs, Ebu and MBS stations.
Then tonight has been contended
that stations could select only the
outstanding broadcasts, particu-
larly in the sustaining classification,
leaving programs of other cate-
gories on other networks with lit-
tle or no outlet.

Quartermaster Depot
Puts Plastics To Use

By The Associated Press

JEFFERSONVILLE, Ind., May
13—Plastics are going to war—in
canteens, whistles, knife handles,
food tubes and many other prod-
ucts—to save aluminum, brass
and rubber.

The plastics section of the
army's big quartermaster depot
here has incubated many of the
substitute items, but it's proudest
of the new canteen, Lieut. Col.
Hugh S. Harpole, director of the
depot's engineering division, ex-
plained why: "It's lighter, stands
rougher treatment, and resists,
even at excessive temperatures,
action of any liquid which might
conceivably be placed in a can-
teen, and difficult molding prob-
lems had to be conquered in mak-
ing it."

The plastic canteen, weighing
about six and one-half ounces, is
almost two ounces lighter than the
old aluminum flask, which had
been standard equipment in the
army since 1910.

LIQUOR ZONE PLAN
MAY BE DISCARDED

By The Associated Press

COLUMBUS, O., May 13—State
Liquor Director Don Fisher ap-
proves the retail liquor store
zoning plan only as a necessary
expedient, he disclosed today.

He said the plan would be dis-
carded as soon as it had served
its purpose.

"The zone plan was inaugurated
for two principal reasons," the
director said.

"First, it was aimed at chain
purchases of 'stooges' for estab-
lishments selling liquor by the
drink. Zoning effectively pre-
vented 'stooges' from buying bot-
tles at a series of stores and draw-
ing reduced one-bottle pur-

chases for permit holders.

"Second, it was designed to
facilitate the package liquor ra-
tioning program. Not only is it
acquainting people with their
neighboring store, but—and more
important—it will provide the de-
partment with a basis for alloca-
ting liquor to the stores. We shall
know just how many qualified
customers are to be served by
each outlet."

Rationing is scheduled to take
effect June 1.

While he observed that no or-
ganized protests had been made
against zoning, he conceded that
it might involve public inconveni-
ence.

"When we can allocate liquor
stocks efficiently without zoning,
I shall be for abandoning the
plan," Fisher remarked, "but looks
now as if that won't be for quite
a while."

From where I sit...

by Joe Marsh

Almost everybody's figuring
what things'll be like after the
war. I talked about that today
with Jeb Crowell. Jeb—he's a
veteran of the last War—says:

"One thing's sure, Joe. The
boys this time won't return and
find what we came back to."

Then he went on to mention
Prohibition... and I ought to
say right here that Jeb's a man
of moderation... a glass of beer
or two is all he'll ever take. It
was the principle of the thing
that bothered him.

"Passing a law behind our
backs," he says, "was violatin'.
Just what we were fightin' for.
The very principles we fought
for in 1776. Law-makin' without
representation is one of the most
undemocratic things we can do."

I guess we're all agreed on
that. Most folks admit we made
a mistake once... but the boys
who are fighting this war can be
pretty sure we won't pull any-
thing like that again!

Washington Parley Around About Marion

of Much Interest To Tojo and Hitler

There's Something of Interest in Every Line

By DEWITT MACKENZIE

Jap Premier Tojo—he who shakes hands with his right and stabs with his left—undoubtedly would give a slice of Nippon's plunder if he could get his hard-working ear to the keyhole of the Roosevelt-Churchill conference room and learn the reasons for the dramatic appearance of the chiefs of the three British fighting services in the Indian theater.

The presence of this noted trio—Field Marshal Sir Archibald Wavell, Admiral Sir James Somerville and Air Chief Marshal Sir Richard Kell—has been calculated to inspire anxious speculation in Tokyo. The trouble is it could mean any one of quite a lot of things. Hitler, the Hun himself, must be deeply interested, for the big three of the strategic Indian base would be consulted in connection with any allied plans involving an invasion of the Baluchistan, or mid-eastern operations.

Two Possible Reasons

However, the main reasons why the Wavell-Somerville-Pearse combination has been called in probably are two. One is to check on the Japanese threat of a direct offensive. The other is to lay plans for the general situation and go over for a major drive against the Japs as soon as conditions permit.

One of these days, of course, the United Nations must launch a mighty attack to oust the Nipponese from Burma and open the famous Burma road so that supplies can be poured into China. Without these supplies the Chinese are powerless to wage major warfare. The Burma offensive presumably has been a water-borne expedition across the bay of Bengal from India—a dangerous and difficult task.

Such an invasion couldn't be carried out very well before September. India is at the beginning of the summer monsoon with its deluge of rain which precludes big-scale military operations for about four months.

Presumably the question of whether an invasion could be undertaken then must depend in considerable degree on the state of the European fighting, since a great amount of shipping and other support would be necessary. Certainly the reopening of the Mediterranean ship lanes will facilitate operations in the orient.

Chinese Supplies Increase

In any event, the indications are the allied high command is in process of strengthening the air forces in India and China and is increasing the volume of supplies which are sent mainly by air to the hard hit Chinese. The problem

RATIONING BOARD'S POWER INCREASED

Given Power To Act In
Regulating Gas Rations.

The Associated Press
WASHINGTON, May 12—The
rationing boards of most
states have been in-
creased by OPA to as-
sume more efficient en-
forcement of rationing
regulations.
The new regulations, how-
ever, will not affect any ration holder
unless he has received a new ration card.
In most instances the
new cards were sent back to the
ration board for hearing and dis-
tribution of the new procedure local

boards may conduct hearings
without referring a case to the
district office in these instances.
Where the ration holder is
charged with speeding (driving
over 35 miles an hour) where he
is charged with the abuse of his
tires; where the applicant for a
new gasoline ration is believed to
have committed a previous vi-
olation; where the ration holder's
book has been turned in to the
board with a report that he has
committed a violation and he de-
mands the return of the book be-
fore a written notice of a hearing
can be sent him.
Local boards may suspend or
revoke ration coupons without
consulting the district office or
without a hearing only when the
board finds the holder is not en-
titled to the ration on the basis
of facts stated in his application
or when the office of defense
transportation certifies that a ra-
tion holder has violated ODT reg-
ulations.

P.T.A. ELECTION HELD AT EDISON JUNIOR HIGH

Mrs. C. G. Musgrave Again Chosen
President.

Mrs. C. G. Musgrave was re-
elected president of the Thomas A.
Edison Junior High School Par-
ent-Teacher association in the
final meeting of the season in
the school auditorium Tuesday
night. Elected to serve with her
were Mrs. Damon Spicer, first vice
president; Miss Mary Jo Stafford,
second vice president; Mrs. Joseph
Lamb, secretary; Mrs. William
Cox, treasurer.

These officers will be installed
when installation is held for of-
ficers of all the city's P.T.A.
groups tonight at the Scholastic
ment Day conference sponsored
by the Marion P.T.A. council.
J. E. Frew, Edison principal, was
elected delegate to the council
meeting.

Yearly reports of standing com-
mittees were given by chairman
and Mrs. E. E. Crizer, presented
reports of March and April meet-
ings. Committees chairman were
appointed by Mrs. Musgrave for
next year, including: Program,
Mrs. Forest Dalton; ways and
means, Mrs. C. S. Cramer; so-
cial, Miss Mary Catherine Smith;
welfare, Mrs. Chester McJunkin;
magazine, Mrs. M. S. Sharf; pub-
licity, Miss Stafford; safety, Har-
old Martin; health, Edward
Coomes; and Mrs. Frew, mem-
bership. Mrs. J. D. Halston and Mrs.
Roy Riddle, defense; Mrs. M. L.
Graham, council representative,
Mrs. Crizer.

The Edison orchestra under the
direction of Miss DeMott Hafer
played four selections, closing with
a medley of patriotic airs includ-
ing "Star Spangled Banner." The
pledge of allegiance to the flag
was led by Billy Trefzer. Mollie
Haas and Louise Caldwell played
"Stars and Stripes Forever" by
Sousa as a piano duo. Jeanette
and Reba Freeman played two
accordion numbers. LaVada Bil-
son presented a xylophone selec-
tion accompanied at the piano by
Jacqueline Riddle and a group of
girls of the school. Girls Glee
club sang several numbers under
the direction of Miss Jane Scott.

MOLOTOV ACCUSES NAZIS OF ENSLAVING RUSSIANS

Charges Civilians Shipped Back
To Germany.

By The Associated Press
LONDON, May 12—The Mos-
cow radio reported today that
Foreign Commissar Vyacheslav
Molotov had addressed a note to
the allied governments accusing
Germany of abducting Russian
citizens for slave labor in Ger-
many and warning that those re-
sponsible would be brought to ac-
count after the war.

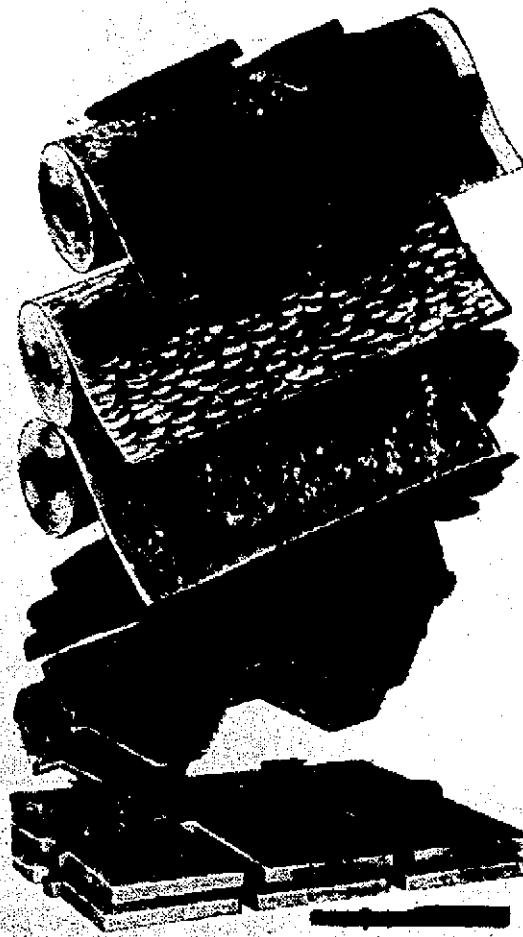

The broadcast was recorded by
the Soviet radio monitor here.
Molotov said Reichsmarshal
Herman Goering ordered full use
made of the captured Russians at
a secret conference in Novem-
ber, 1941, and reported the Ger-
man marshal had declared "they
are excellent workmen who suc-
ceeded in creating a great indus-
try in their own country."

Judge Rules Out Suits Against Prosecutor
By The Associated Press
May 12—Holding that attorneys can not sue for damages for criminal cases, Judge A. V. Baughman today sustained a \$100,000 damage suit against prosecutor Robert C. Crobaugh.

dened, were filed by Burton N. Crobaugh, hardware dealer, and his brother-in-law, Attorney Norman W. Peters.
They were indicted on charges of aiding and abetting Clarence W. Crobaugh to embezzle \$20,000 from the Citizens Building and Loan association. Clarence Crobaugh is serving three 30-year terms in the penitentiary for the embezzlement. Burton Crobaugh and Peters have not been tried.

Mrs. Henrietta Berg Rites To Be at Galion
Special to The Star
GALION, May 13 — Funeral for Mrs. Henrietta Berg of Leesville, will be held Saturday at 2:30 p. m. at the Volk funeral home here. Rev. Dale Gags of the United Brethren church of Leesville will officiate and the body will be placed in the mausoleum at Fairview cemetery. Friends may call at the funeral home tonight.

Mrs. Berg died Wednesday in Crestline.

Here for P.T.A. Event

MRS. C. C. SULLIVAN
General secretary, Ohio Congress of Parents and Teachers.

MRS. W. W. WAGONER
Central District Director, Ohio Congress of Parents and Teachers.

Mrs. Sullivan of Columbus, Mrs. Wagoner and Mrs. Baisch of Westerville are in Marion today to take part in the Achievement Day program of the Marion City Council of the Parent-Teacher Association being held this afternoon and tonight in the First Evangelical and Reformed church. Reports of units and group conferences made up the program this afternoon. A dinner at 6:30 o'clock will be followed by an evening program at 7:30 to which the general public is invited. Speaker for the program tonight is Professor E. Turner Stump of the faculty at Kent State university. His subject will be "The Decorum of the Meeting. Helpful Hints for Sudden Situations." Mrs. Wagoner will preside. Mrs. Baisch will conduct a patriotic sing and Mrs. Wagoner will install the council and unit officers.

MRS. HERBERT BELSCHER
State director of Mothersingers and Choral Groups, Ohio Congress of Parents and Teachers.

for funds to build up a reserve—possibly \$500,000—from which the pensions might be paid.
The house yesterday voted down a bill which would have allowed a married woman to file bastardy proceedings against a man other than her husband. The measure also would have authorized judges to exclude the public from illegitimacy trials.
The senate sent the female labor bill to the governor after concurring in the emergency clause attached by the house, and passed to the house a bill creating a 15-member commission to investigate small business failures and recommend a program to minimize them.
The house completed enactment of legislation authorizing the Cleveland county commissioners to pay not more than \$1,500 to Clarence Berry of Amelia, who was shot in a leg while pursuing a fugitive. The house also gave final approval to a bill prohibiting possession of obscene motion pictures.

Alpha Bible Class Meets at Church in Galion

Special to The Star
GALION, May 13—The devotional period, consisting of hymns, Scripture and prayer, was conducted by Mary Katherine Horn for the meeting of the Alpha Bible class at First Lutheran church, Wednesday. The class voted a contribution to the Lutheran World Action fund.
Hostesses who served lunch at the close were Bertha Burgener, Margaret Miller and Mrs. Mervin Norman.

Wednesday evening marked the May meeting of the Friendly Folk class of First Presbyterian church. It was held at the home of Mrs. W. J. Swank. She was assisted by Mrs. A. W. Bradford.

Members of the J. C. club met this week at the home of Mrs. J. L. Currier. Guests were Mrs. Roy Crawford and Mrs. Bertha Christman. Prizes were awarded to Mrs. J. L. Wintermute, Mrs. Bertha Christman and Mrs. Frank Newman.

House Votes Judges' Pensions

Bill Goes Back to Senate; Begin Now To Figure Cost to State

By The Associated Press
COLUMBUS, O., May 13 — House endorsement of a plan for retiring Ohio judges on a maximum pension of \$3,600 a year caused the state government's experts to begin figuring today what it would cost the state, if anything.

The senate finance committee went to work on the question after the house passed the bill, 73 to 54, and returned it to the senate for concurrence in amendments.

The committee must have the information so that it can provide any necessary money in the biennial appropriation bill. Advocates of the retirement system contended that the judges' contributions from their salaries

—4 per cent up to \$7,200—would be adequate to pay the pensions.
However, Senator Carl D. Sheppard (R) of Akron, a member of the finance committee, declared the system would cost the state, cities and counties "a tremendous sum."

Committee To Investigate
Senator Stanley G. McKie (R) of Cincinnati concurred as they asked State Finance Director H. D. Deffenbacher to determine the exact amount. Sheppard, McKie and Senator Emil Bartunek (D) of Cleveland were assigned to investigate for the committee.

Before the legislation can go to the governor for his signature, the senate must approve house amendments limiting the pensions to \$3,600 a year and fixing the retirement age at 65 years. When the bill passed the senate it provided a maximum \$6,000 pension and a 60-year retirement age.

Any judge of a court of record, who participated in the plan, could retire on one-fourth pay after 12 years' service or on half pay after 18 years on the bench.

Rep. Aaron T. Grad (R) of Cincinnati declared that a pension system would "butress the judiciary" by removing judges' worries about future income.

Rep. Lody Hunt (D) of Cleveland told the house that if all the judges participated in the plan, they would contribute \$87,000 a year. If "an average number of judges" with 12 years' service retired, he said, the pensions would not cost more than \$58,700 a year.

Call Plan Unsound
Rep. Paul L. McCormick (R) of Logan county, contending the proposed system was actually unsound, predicted that the state eventually would have to match the judges' contributions, dollar for dollar.

An informed source said that any city or county contributing to a judge's salary could be assessed

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubules Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubules may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function becomes a serious matter to retain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels; so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubules flush out poisonous waste from your blood. Get Doan's Pills.

At the Green Camp churches. Mothers were honored in special services at the Green Camp Methodist, Baptist and Emmanuel Evangelical and Reformed churches Sunday.

Mothers Are Honored at Green Camp Churches

Special to The Star

GREEN CAMP—Mothers were honored in special services at the Green Camp Methodist, Baptist and Emmanuel Evangelical and Reformed churches Sunday.

At the Methodist church carnations were given mothers who have sons in the armed services. Miss Hope Ruth sang a solo. Mrs. Nina Ruth Hedges, the youngest mother present, was given a flower.

A quartet composed of Mr. and Mrs. Marion Harper and Mr. and Mrs. Milton Ruth sang at the Emmanuel Evangelical and Reformed church. Mrs. Puri Knachei gave a reading and a solo was sung by Mrs. Opal Smith.

Five mothers, Mrs. G. G. Ritzler, Mrs. Otto Bange, Mrs. Charles Alexander, Mrs. Elmer Distler and Mrs. Roy Northrup who have sons in the armed forces were given carnations at the Baptist church. Mrs. Ruth Benner, the youngest mother, Mrs. Carrie Jones, the oldest mother, and Mrs. Harry Weston, the mother with the most children present at the service were given plants. Special musical numbers were presented by Mr. and Mrs. Charles F. Jones and Mrs. Benice Clunk and Miss Lois Jeffers.

Mrs. Ernest Allen entertained the Mt. Olive Aid society last Wednesday. Mrs. Edward Holthull led devotions. Members served for the Red Cross. Guests were Mrs. Effie Williams, Mrs. Marion Harper and daughter, Mrs. Parsons, Mrs. J. E. Dutton, Paul Clay and Ruth Carolyn Allen.

Miss Mary Alice Lanus, daughter of Mrs. Floyd T. Uncapher was initiated into Las Amigas sorority at Bowling Green State college May 5. A candlelight service was conducted in the sorority club rooms. Pledges were presented sweet pea corsages. Miss Lanus has served as president of the freshman pledges.

Rev. Edgar Guinther, pastor of Emmanuel Evangelical and Reformed church, delivered the sermon at the baccalaureate services of the Green Camp High school Sunday at the Green Camp Baptist church. The procession and recessional were played by Miss Inez Jeffers. The invocation was given by Rev. T. A. Ballinger, Methodist pastor. Rev. Charles W. Harmon, Baptist pastor, read the scripture lesson. The girls' chorus of the school, directed by Mrs. Estelle Timberlake, music supervisor sang. Miss Betty Lou Annette and John Haberman accompanied by Miss Timberlake sang.

A son, Charles Harold, was born Wednesday, May 5, to Mr. and Mrs. Edwin Carey of the Mt. Olive-Agosta road.

the United States "at machine tools and equipment it needs to defeat the threat posed by a threatened invasion in munitions plants and munitions plants of workers by the war program's decision, announced yesterday, to halt virtually all new projects which are completed by October. Thousands more will be required during production of munitions and ma-

could be absorbed quickly by other war industries which still are clamoring for help.

Greater Weight of Planes

Simultaneously, a prediction by WPB Chairman Donald M. Nelson that the new aircraft would have an average weight twice as great as last year indicated President Roosevelt's new 1943 production goal would mean about 73,000 planes. The President set a weight figure of 911,000,000 pounds for the year. Last year's planes — totaling 291,000,000 pounds — averaged about 6,000 per plane. Thus, the President's production goal would mean about 73,000 or 73,000 planes averaging 12,000 pounds each for the year.

On Capitol Hill, administration efforts to dynamite the Ruml shipyard income tax plan again gained strength in the Senate, and although its advocates claimed confidence in their own power, talk of a compromise was being heard.

In the house, continuance of the administration's reciprocal trade program for at least two more years seemed certain of approval after a barrage of Republican-backed strictures was beaten down during a bitter, partisan floor fight.

Stabilization Front

On the stabilization front, the war labor board had authority to adjust wages "in aid in the ef-

effective prosecution of the war or to correct gross inequities," preceded price ceilings or production cut levels are not affected. Those concessions granted yesterday by Stabilization Director James F. Byrnes substantially fulfilled the requests which have been made by the board for more than a month, gave it a judicial basis again in the opinion of its public members, and were believed to have quelled an incipient labor revolt.

Price Administrator Prentiss M. Brown also was active in the cost of living battle, disclosing plans to hire 1,400 more OPA investigators to help roll back prices and asserting the nation's new subsidiary program, slated to start in June would be strictly experimental.

Caledonia Pupils To Give Spring Musicales

The music department of Caledonia High school will present its annual spring musicale on Friday night at 9 p. m. last time.

Included in the program will be the initial performance of "Fiesta," a saxophone quartet, composed by Robert Downs, supervisor of music at the Caledonia schools. The quartet will be played by Ramona Cox, Robert Reish, John Rogers and Roger Uish.

Also in the program will be several instrumental and vocal

\$104,368 LIVESTOCK SALE SETS RECORD

Monday Auction Reported as New High Mark.

A new record for livestock auction dollar volume in Marion was believed set at the Monday auction of the Marion Union Stock Yards when sales totaling \$104,368.13 were reported.

A checkup today showed it was the biggest money turnover at any auction in the company's history.

Factors contributing to the record were the fact that 438 persons from Marion and nearby counties sent stock to the auction, along with favorable prices. An unusually heavy run of hogs, numbering 2,432 head, also boosted the sale. A total of 3,892 animals were sold.

solos and numbers by the boys' and girls' glee club and the mixed chorus.

The Concert band will round out the program by performing several marches and concert numbers.

The entire program is under the direction of Mr. Downs

**Labor Dispute Halts
Work at Timken Plant**
By The Associated Press

COLUMBUS, O., May 13.—A federal negotiator today sought to settle a labor dispute which caused a work stoppage in two heat treating departments at the Timken Roller Bearing Co. plant here.

Conciliator H. J. Montomey met with company and union officials after men in the two departments refused to heed union leaders' pleas and go back to work.

Howard Porter, district manager

of the U.S.-United Steelworkers
of America, it used the strike un-
authorized and estimated approx-
imately 200 employees quit yester-
day because the company re-
fused to meet with the union's in-
ternational representative to
negotiate the question of working
schedules."

Employees now working 40 and
45-hour weekly trucks are willing
to accept a 48-hour, six-day week,
while the company wants to put a
56-hour six-day week into ef-
fect," he declared. Company
spokesmen who declined use of

their names said they had been given no reason by the union for the walkout.

**French Cruiser Sinks
Nazi Supply Vessel**
By The Associated Press

DAKAR, FRENCH WEST AFRICA, May 14 (Delayed)—A large German supply ship bound for Japan was sunk by the French cruiser Georges Leygues in a midnight engagement early April 13, it was disclosed today.

**READY
CONCRETE**

Our new improved concrete saves you labor. Call us for mates.

The Ohio Blue
Phone 2453

The cruiser was on South Atlantic patrol when she sighted the ship and moved to the attack, signaling the return of French naval units based in Africa into combat with Germany.

Capt. Robert Jaulard, the cruiser's commander, said he tried to damage and capture the axis ship but his gunners' aim was so good it set the vessel afire.

A PICNIC last evening at the home of Mrs. F. L. Thomas of 131 South Main street marked the close of the season for members of the Round Table club.

Ensign Helen Snea of the U. S. Navy, interested in the club, was a guest speaker and in a 15-minute talk told of Navy life from a woman's standpoint.

Arrangements for the picnic were in charge of the club committee made up of Mrs. Homer Waddell, chairman, Mrs. D. A. Howard, Mrs. W. O. Nippert, Mrs. R. T. Mullett and Miss Emma G. Brien. When the members resume their meetings next fall they will take up a study of "Australia and the Islands of the South Pacific."

A potluck supper at the home of Mr. and Mrs. K. W. Conkle of Fairview street Tuesday evening was in honor of the birthday anniversary of the host. Eucher was played and entertainment included piano numbers by Harold Major. Honors in cards were won by Mr. and Mrs. Wade Conkle, Mrs. Edward Richardson and R. V. Rolfe. The hostess was assisted by Mrs. Sam Conkle. Decorations were in red, white and blue. Present were Mr. and Mrs. Harold Major, Mrs. Sam Conkle and son, Elmer, Mr. and Mrs. Wade Conkle and son, Donald, Mr. and Mrs. Edward Richardson, Mr. and Mrs. R. V. Rolfe and granddaughter, Frances Harris, Wallace Conkle and Scott and Joseph Conkle, sons of the host and hostess.

Two Doctors Welcome Babies, Help Rear Them

By MARY E. BUCHANAN
Managing Editor, The Parents' Magazine

Two doctors welcome the child of today into the world—the obstetrician who attends his birth, and the pediatrician who will take care of him from that time on. Both of these physicians render valuable services to you and your baby.

The pediatrician, or "baby doctor," meets your baby for the first time at home or at the hospital soon after the child is born. At that time, the pediatrician will prescribe for his feeding; and then he will visit him at the hospital or in your own home almost every day until the baby is about 10 weeks old.

For the next six months you will take your baby to the doctor's office for monthly check-ups. And here is where you can do much to help the doctor, who, in these times when there is a growing shortage of physicians, may be hard pressed.

Naturally you want your baby to look his best when he goes for

his monthly examination, but for the doctor's sake—and the baby's—dress your child as simply as possible, and just warmly enough for the season of the year. Remember, he will have to be undressed and dressed again at the doctor's office.

One of the doctor's most important services is to vaccinate and inoculate your baby against contagious diseases. Most babies get their first injections for diphtheria at the age of six months, and many doctors follow the first diphtheria injection with the three that protect your baby against the whooping cough, then give the final diphtheria injection one month later.

Dress Baby Properly
If these injections are given in the arm, dress the baby in such a way that it will be easy to uncover his upper arm. And, don't take your baby to visit the doctor if he has a cold or is not feeling well. Your doctor will not give these injections to a sick baby.

When you make appointments with the doctor, choose a time that won't interfere with the baby's feeding or sleeping schedule if possible. Otherwise, he may be cross and difficult to handle. Make notes as you go along during the month of the questions you would like to ask the doctor, so that you can ask them after the baby's monthly examination. This is a time saver, and you must remember that even though your doctor is very much interested in the health and welfare of your child, there are other mothers and babies awaiting his attention.

Confidence in Doctor
As time goes on, and your child begins to understand words and moods, help to instill in him complete confidence in his doctor. To achieve the best results he must feel that his doctor is his friend.

With all those physicians left to serve the civilian population being called upon to spread more and more of their services among a greater number of people, and an unprecedented rise in birth rate, there are many small things you

Weddings

Announcement has been made of the marriage of Miss Velma Mae Brittain, daughter of Mr. and Mrs. Fred Brittain of Burkburnett, Texas, to Guy F. Greene, son of Mr. and Mrs. W. H. Greene of 826 North Prospect street, which took place March 7, at Reno, Nevada. The bridegroom, chief petty officer in the U. S. Navy, is stationed at San Francisco, Calif. He was graduated from the Rawson high school near Findlay. The couple will make their home in San Francisco.

The Second Presbyterian church in Louisville, Ky., was the scene of the marriage of Miss Carolyn Warner, daughter of Mr. and Mrs. C. P. Warner of Harding Highway west, and Cpl. Harold A. Ault of Louisville, son of Mr. and Mrs. Harvey J. Ault of Mound street, Marion, the evening of May 5. Rev. Dennis E. Gouwens performed the ceremony.

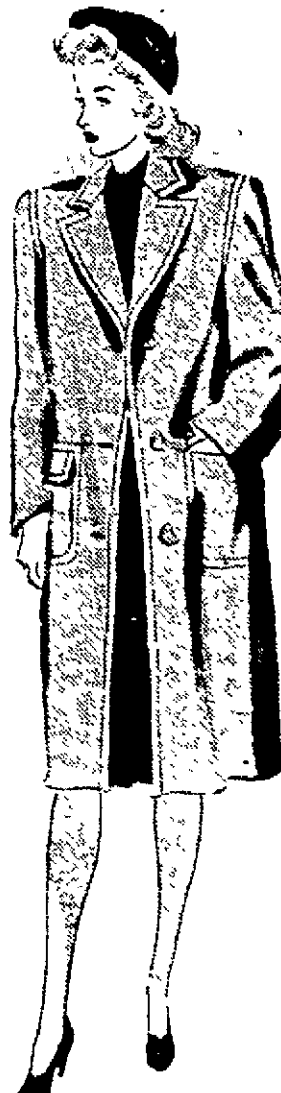

For her wedding Miss Warner chose a putty cardigan suit of gabardine with which she wore a pique blouse, and her hat of natural straw had a trimming of white pique flowers. To complete her ensemble she wore a corsage of gardenias tied with white ribbons. Mrs. Alma S. Gouwens and Miss Anne B. Elway were the attendants.

A wedding dinner was held at the Browne hotel immediately after the ceremony and later the couple left on a wedding trip. The bride's going away costume was a pink California dress with which she wore hairmanizing accessories and carried a pastel blue coat.

Before his enlistment in the service the bridegroom was an employee of the Marion Metal Products Co. He is an instructor in the motorcycle division of the Armored Force school at Louisville. The bride is a graduate of Harding High school and is an employee of the Marion Steam Shovel Co. She will make her home in Marion for the present.

ert L. Whiteman, is stationed somewhere in England, and a letter received by his parents states that he is well and happy.

Col. Elliott Roosevelt

Awarded Air Medal

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, May 13—Col. Elliott Roosevelt, flying son of President Roosevelt, now wears the air medal in addition to the distinguished flying cross.

Announcement that Colonel Roosevelt had been awarded the air medal for "meritorious achievement while participating in five operational sorties against the enemy" was made here Tuesday.

He formerly was in charge of photographic reconnaissance in this theater.

The U. S. Eighth air force had announced only Monday that Roosevelt was back in England.

WARTIME FOOD PUZZLER?

WHAT TO SERVE FOR A MEATLESS DINNER THAT WILL BE BOTH NOURISHING AND ENJOYABLE?

HELPFUL ANSWER
A RECIPE LIKE THIS ONE...SO EASY TO MAKE WITH FRESH, FLAKY PREMIUM CRACKERS

CHEESE PUDDING
Premium Crackers
1 lb. butter or margarine
1/2 lb. pimento
2 eggs
3 cups milk
Dip crackers in hot water to soften slightly. Arrange layer on bottom of greased baking dish, dot with shortening, add layer of thinly sliced cheese, top with softened Premiums. Cheese, top with egg, salt, and seasoning. Pour over mixture with baking dish, sprinkle with grated cheese. Set in pan partly filled with hot water. Bake in moderate oven (375° F.) until custard is set.

PREMIUM CRACKERS
SALTED
ONE POUND

Let delicious Premium Crackers add tang and zest to wartime menus. Look for the red Nabisco seal when you buy—it stands for the finest in bakery products.

CHURCHILL TO GIVE ADDRESS

Prime Minister Will Speak Before U. S. Congress Next Wednesday.

By The Associated Press
WASHINGTON, May 13—Prime Minister Winston Churchill of Britain will address the American Congress next Wednesday at 10:30 p. m. eastern war time.

Speaker Rayburn of the House invited him this morning, he accepted, and Rayburn returned to the Capitol to arrange a joint Senate-House session.

The White House said, meanwhile, that a radio address scheduled for tomorrow afternoon (2 p. m. EWT) will be almost entirely for home consumption in England.

It will carry out a promise made before the prime minister came to the United States to honor the anniversary of the British home guards.

American networks will carry the address if they wish.

Whether Churchill's speech to Congress will be broadcast is up to Rayburn.

What the theme of it will be and whether it will give any clue to reasons for the current Roosevelt-Churchill meeting, the White House did not say.

But it will give the prime minister a forum for analyzing the Tunisian victory and its relation to the future conduct of the war, if he wants to make this use of it.

By The Associated Press
LONDON, May 13—Prime Minister Churchill is expected to recapitulate the allied victory in North Africa and perhaps hint at the purpose of his current conference with President Roosevelt.

In a broadcast to the British people from Washington at 9 p. m. (3 p. EWT) tomorrow.

The address which will mark the third anniversary of the founding of the British home guard, will be the prime minister's first such message to the nation since March 31.

DUTCH

(Continued from Page 1)

The Free Netherlands station Radio Orange, warned the ex-servicemen the Germans intended to make them "labor slaves" and advised them to defend themselves against attempts at arrest.

The broadcast represented an unprecedented action on the part of the exiled Dutch government, which thus by implication, at any rate, advocated for the first time a policy of outright physical resistance in the homeland.

Today Set as Deadline

German authorities, who had directed the reinforcement of all former members of the Dutch armed forces for the apparent purpose of preventing them from cooperating in a possible allied invasion, had set today as the deadline for registration.

The broadcast came as axis sources disclosed five more Dutch citizens had been executed in the town of Eindhoven under a recent proclamation of martial law in the Netherlands, bringing the total put to death since May 1 to 43.

A Reuters dispatch from Stockholm said reports there were that shooting broke out in the streets of Holland's cities three days after martial law was declared, and that the names of 44 executed persons had been announced, although many more were known to have been shot.

Other Troubles Signs

There were signs of trouble for the Nazis in many other spots.

The German news agency DNB reported from Brussels that military authorities there had sentenced eight Belgians to death for collecting weapons and equipment for sabotage.

From Bern it was reported that 150 Frenchmen had been arrested in Vichy on charges of plotting against Pierre Laval.

The Algiers radio, meanwhile, addressed a broadcast to the French people telling them that as a result of the allied victory in Tunisia "the battle for liberation will soon start—get ready for it."

Through Stockholm came reports of armed uprising against German forces in Lithuania, Latvia and Estonia, while in Yugoslavia Gen. Draja Mihailovic's guerrillas were reported to have inflicted a sharp defeat on Italian troops.

RAF RAID

(Continued from Page 1)

of locomotives were lined up in repair shops.

Germany's second largest locomotive shop in Berlin has been out of operation for three or four months, the spokesman said.

Including last night's raid, the RAF has hit Germany or German territory with 28,000 tons of bombs since the Eighth army broke into Tunisia, authorities said.

Through Stockholm came reports of armed uprising against German forces in Lithuania, Latvia and Estonia, while in Yugoslavia Gen. Draja Mihailovic's guerrillas were reported to have inflicted a sharp defeat on Italian troops.

INJURIES FATAL TO CHILD

COLUMBUS, O., May 13—One of the two pedestrians struck by a tractor-trailer here yesterday died today. Dead is five-year-old Shirley Lowman, daughter of Mr. and Mrs. Joseph Lowman. Police reported the truck also struck Mrs. Ada Devco, 24, who has a possible skull fracture.

Richwood Resident Stricken at Dayton

SPECIAL TO THE STAR
RICHWOOD, May 13—David Fish, 65, of Richwood died in Good Samaritan hospital, Dayton, yesterday afternoon. He had been in ill health several months and had made his home with a daughter, Miss Vada Green, in Dayton for some time. Friends may call at the Winter funeral home here where funeral arrangements will be made.

India's Place In Pacific War Plans Under Discussion

By The Associated Press
WASHINGTON, May 13—The strategic possibilities of India as a base for major operations against Japan apparently constitute one of the main questions under discussion among President Roosevelt, Prime Minister Churchill and their top-flight military and naval commanders gathered here for decisions on future war plans.

Disclosure that British General Sir Archibald Wavell, supreme commander in the India-Burma theater, had arrived led to speculation that a vastly more active role for that sector of the front against Japan is in the making.

With Wavell came Admiral Sir James Somerville, commander-in-chief of Britain's eastern fleet, based on Ceylon, and Air Chief Marshal Sir Richard Peirse, the theater air commander.

These three direct the only land, sea and air forces in position to open a route for heavy movement of supplies to China by the Burma road.

That the enemy controls this road has become of extreme importance for two reasons.

First, the reopening of the Mediterranean as a result of the allied clean-up in North Africa so shortens shipping routes to India that delivery of greatly increased materiel there this summer seems certain.

Second, until those supplies can be trans-shipped to the Chinese armies and the American airforce in China, the full weight of allied military power can not be brought to bear on Japan's Asian flank.

The impression persists here that the broad pattern of action in Europe already has been fixed since an early invasion of the continent calls for such masses of men and materiel and such minute planning of detail that the strategy must have been laid out long before this.

Messrs. Roosevelt, Churchill and their advisers might have to choose between alternative materiel plans, and give a final "go ahead" order, some experts said, but even this is by no means certain.

The situation regarding the war with Japan appears to be much more fluid, however, and most authorities would not be surprised if important decisions for its development were reached at the current Washington meeting.

DIES IN TOLEDO

By The Associated Press
TOLEDO, May 13—Joseph H. McDuffee, 64, president of the Presto-Lite Battery Co., and vice president of the Electric Auto-Lite Co., died here late yesterday. McDuffee's brother, Eddie, was a world champion bicycle rider.

SIGN MERGER AGREEMENT

By The Associated Press
WASHINGTON, May 13—Western Union and Postal Telegraph companies have signed a merger agreement, George H. Payne of the communications commission said today, as a basis for the combined authorized under a new law.

However, before a merger can be effected, the companies must submit an application to the commission which then will hold public hearings.

SAILING VESSEL SUNK

By The Associated Press
CAIRO, May 13—British long-range fighters sank a small enemy sailing vessel and damaged at least five others in forays over the Aegean sea yesterday, a Middle East air communiqué announced today.

AGRONOMISTS URGE FULL USE OF HAY FOR FEEDING

COLUMBUS, O.—In view of the present and of the prospective future situation in livestock feeding, Ohio State University agronomists are strongly urging all Ohio farmers to make every possible effort to harvest the maximum amount of good quality hay.

The time that hay is cut is a very important factor in determining its feeding value.

Hay cut at the right stage carries a great number of leaves, is higher in protein, contains less fiber, and is eaten more readily by livestock.

Plenty of good clover or alfalfa hay permits a farmer to produce meat or milk while feeding considerably less grain than is required when little hay or hay of poor quality is the best available roughage.

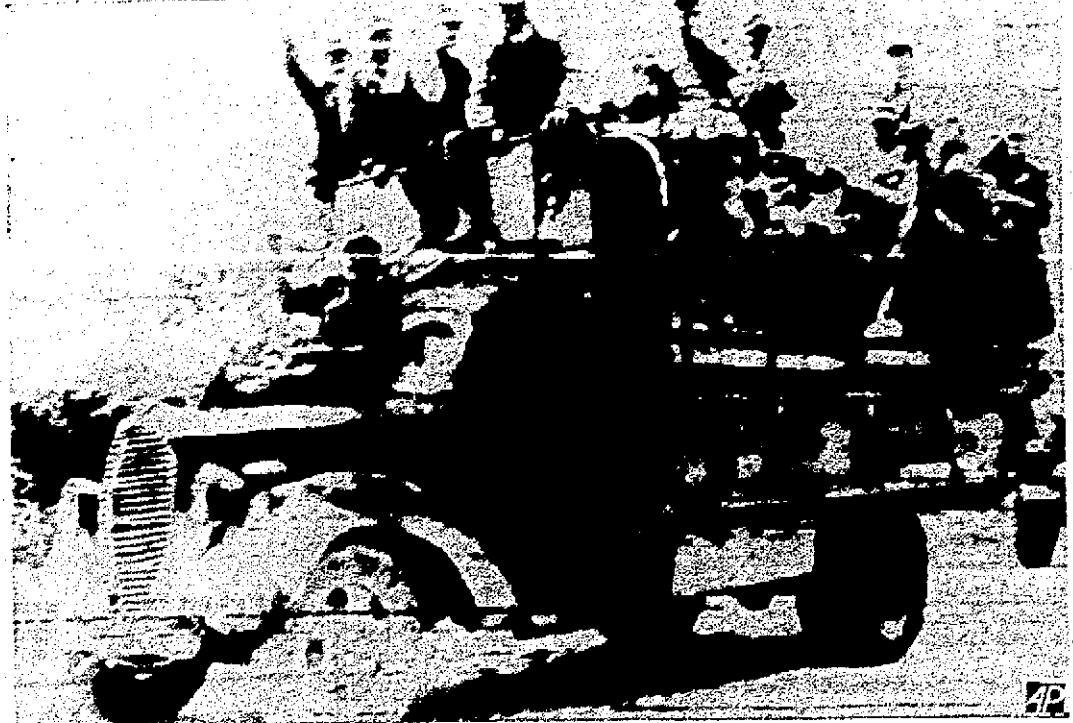

RETIREMENT GENERAL DIES

By The Associated Press
NEW YORK, May 13—Major General Stephen O. Fuqua, 68, U. S. A., retired, formerly the Army's chief of infantry and later American military attaché in Madrid during the Spanish civil war, died of a heart ailment Tuesday night.

WOUNDS ARE FATAL

LANCASTER, O., May 13—Wounded by policemen during a three-mile chase, Orville Odle, 22, died today. Deputy Sheriff Ralph Sheets said he and other officers gave chase to Odle's car last night after they had received reports he had threatened a Sugar Grove girl.

FIRST OFFICER, Dr. Margaret D. Craighill (above) dean of Women's Medical college of Pennsylvania, has been commissioned a major in the army medical corps, becoming the first woman officer. She is shown at her desk in her college office.

AXIS PRISONERS DRIVE TO PRISON CAMP. Piled high on their own vehicle, driven by their own countrymen, these Nazi prisoners of war, captured during the Tunisian campaign in battles for Bizerte and Tunis, drive themselves to prisoner compounds.

Home Owners Urged To Buy Coal Early

By The Associated Press
WASHINGTON, May 13—To "avoid serious risks of grave shortages next winter," Transportation Director Joseph E. Eastman today urged coal consumers to order their supply immediately.

The railroads, he said, can transport enough coal to meet prospective demands for next winter only if the fuel is kept moving throughout the year.

WAVE, SPAR RECRUITER TOURING MARION AREA

Gives Talks To Organization in Kenton.

Ensign Helen Shea of the U. S. Navy, interviewing officer for the WAVES and SPARS, spent yesterday and early today in the Marion Navy recruiting area, interviewing applicants and speaking before girls' and women's groups on the Navy from a woman's viewpoint.

Shea was accompanied here by Chief J. B. Sanzenbacher, in charge of WAVES-SPARS for the northwestern Ohio territory. Ensign Shea and Chief Sanzenbacher, with Chief Petty Officer John J. Dugan, who is in charge of the Marion Navy recruiting station, yesterday were in Kenton, where Ensign Shea spoke to several clubs and other organizations, and on returning here, she spoke before the Round Table club last evening.

The remainder of the time was spent interviewing a number of applicants at the local office. Today Ensign Shea and Chief Sanzenbacher are in Tiffin.

American Bombers Blast Japs in Burma

By The Associated Press
NEW DELHI, May 13—United States heavy bombers continued their "softening-up" campaign against Japanese communications and installations in strategic Burma yesterday, depositing 30 tons of bombs on a railroad bridge between Mandalay and Rangoon and blasting the river port of Bassein, about 90 miles west of Rangoon.

A communiqué of the 10th United States air force said today a large formation of bombers showed the railroad bridge 28 miles north of Pymman with a cluster of direct hits and near misses, causing heavy damage to the north span and at both approaches.

A second formation blew up Japanese installations and jetties along the river front at Bassein, the bulletin said. American fighters harassed the enemy over a wide area in northern Burma.

The communiqué said, "from these operations all our aircraft and their crews returned safely."

AGRONOMISTS URGE FULL USE OF HAY FOR FEEDING

COLUMBUS, O.—In view of the present and of the prospective future situation in livestock feeding, Ohio State University agronomists are strongly urging all Ohio farmers to make every possible effort to harvest the maximum amount of good quality hay.

The time that hay is cut is a very important factor in determining its feeding value.

Hay cut at the right stage carries a great number of leaves, is higher in protein, contains less fiber, and is eaten more readily by livestock.

Jailing Man For Unpatriotic Talk Brings Apology

For cursing the United States government and the principles for which it stood, a Marion man, who pleaded guilty in municipal court Wednesday morning on an intoxication charge a few minutes earlier, was returned to city prison by police officers for investigation.

Police Capt. E. C. Macken said the man was arrested early Wednesday morning on North Main street. He was placed in city prison pending arraignment in court about 10 a. m. yesterday.

When brought before Municipal Judge W. Dexter Hazen, the man pleaded guilty to a charge of intoxication and was fined \$10 and costs.

When he was taken into the clerk of courts office to pay the fine and costs he began cursing the government, saying, "He wouldn't fight for this government."

Questioned by police authorities and the FBI later in the day he apologized and said he had spoken in haste. He was warned not to repeat his actions and then was released.

GENERAL

(Continued from Page 1)

Zit. Von Arnim sent out envoys with a white flag, surrendered and was interviewed last night by Gen. Anderson in his pasture tent. After that the British leader met allied war correspondents.

Von Arnim and all other captured generals were accorded full military courtesies.

As the inflow of prisoners continued one military source said that the total bag of captives since May 3 probably would approach 175,000.

Standing in the moonlit British headquarters after a hot supper last night, Von Arnim's only comments were about his baggage which was being transferred from one truck to another.

The procession of axis commanders through the mess tent here for meals included General Count Von Sponeck, commander of the Nineteenth Infantry division; Major General Franz of division and the past few days' acting commander of the Goering division; Major General Broich of the Tenth armored division; Major General Hulsen, acting commander of the Twenty-first armored division; General Kramer; and General La Costa, of the Centauro division and president of the Italian military tribunal.

De Costa's Italian chauffeur was the most distressed of all the axis prisoners last night when he had to give up his automobile which he referred to as "bambino" (baby).

KNEAD DOUGH AGAIN

SOLVANG, CALIF.—The Solvang bakery having closed down because of inability to meet rationing requirements, home-made bread has come to the fore. Many women here are now kneading dough (not feeding dough) for the first time in their lives just as their mothers and grandmothers did before them.

CUTTING AT PROPER TIME ADDS TO ITS USEFULNESS

COLUMBUS, O.—In view of the present and of the prospective future situation in livestock feeding, Ohio State University agronomists are strongly urging all Ohio farmers to make every possible effort to harvest the maximum amount of good quality hay.

The time that hay is cut is a very important factor in determining its feeding value.

Hay cut at the right stage carries a great number of leaves, is higher in protein, contains less fiber, and is eaten more readily by livestock.

Plenty of good clover or alfalfa hay permits a farmer to produce meat or milk while feeding considerably less grain than is required when little hay or hay of poor quality is the best available roughage.

RETIREMENT GENERAL DIES

INJURIES FATAL TO CHILD

Shipping Losses Low for African Convoys

By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, May 13—Shipping losses in moving the enormous number of men and supplies into North Africa for the allied campaign have amounted to 2.16 per cent of the total traffic, it was announced officially today.

In the six-month period from Nov. 2, 1942, to May 8 of this year a total of more than 11,000,000 gross tons of shipping arrived in North African ports, including Casablanca, from the United Kingdom and the United States.

Since the traffic goes both ways, the tonnage actually escorted by the American and British navies thus was more than 22,000,000 tons.

U. S. TO RETURN ILLINOIS COAL MINES TO OWNERS

Pits Operated By AFL-Progressive Mine Workers Union.

By The Associated Press
WASHINGTON, May 13—Lloyd Thrush, president of the AFL-Progressive Mine Workers, announced today that the government had agreed to release from its operating control all mines in Illinois having contracts with his union.

Thrush said Federal Administrator Ickes had informed him that orders for the release, first to be granted since the government took over the mines May 1, would go out this afternoon or tomorrow.

Released, he said, will be 150 mines in Illinois employing 15,000 members of the AFL union, which Thrush said he and AFL President William Green had agreed there would be no work stoppage at these mines and that the Progressive Mine Workers would make no attempt to raid the membership of John L. Lewis' United Mine Workers.

Later Thrush reported signing of an agreement extending the union's contract for 30 days from April 30, any wage adjustments agreed upon to be retroactive to the expiration of the old contract.

RUSSIANS

(Continued from Page 1)

ed heavy damage in 12 more raids on German communications centers, bringing the total of such attacks to more than 50 in four consecutive days. Some of the cities were targets for the second or third night in succession.

The mid-air communiqué said that in aerial battles 18 more German planes were shot down with a loss of five Soviet craft.

CANTON STRIKE CONTINUES

By The Associated Press
CANTON, O., May 13—City service department employees today continued their three-day-old strike, "with no change in the situation," officials said.

Director L. W. J. Cooper said he talked with Paul S. Williams of Cleveland, U. S. labor conciliator, Wednesday afternoon. Williams said he "could serve no purpose by coming to Canton," and does not have "any workable idea for ending the strike."

PLEASSED BY RESULTS

Following the "all clear" Coordinator Martin and the inspector left the lower end returned by auto to the control center, passing on the way through the downtown district. Although he was restrained by state CD headquarters from expressing an opinion on the blackout or any of its workings, the inspector seemed highly pleased at the way in which the auxiliary police units and the air raid wardens handled traffic during the early stages of the test and following the all-clear.

Assessing these two groups in handling traffic and in other capacities also were 28 motorcycle drivers working under the direction of Sonny Copeland.

Making a tour of the city to check cooperation of Marion citizens was L. Earl Ruhman, chief air raid warden. He was accompanied by Ted Rhodes, a member of Boy Scout Troop No. 1, and was driven by Bob McMahon, a motor pool driver.

The tour was made primarily to find out what difficulty we would have with those persons who were militant in previous tests," Mr. Ruhman said.

Typical of the fact that most violations received were "signs of the mind, rather than stubborn resistance to the program, was the report received at the control center of an air raid warden leaving a bright red neon sign

TRUCK "KAYOED"

With its front end jutting into the air, this big trailer-truck lies on its side after a collision with a street car in South Philadelphia.

The crash tore the roof off the tram car (right) but left it on its wheels.

CONSERVES CLOTHES

Singer Diane Courtney is complying with the request of Washington officials that Americans practice conservation of clothing.

Since her boy friend is in the army, Diane makes use of his tuxedo jacket, black bow tie and evening shirt in the above fashion.

RETIRED BISHOP DIES

By The Associated Press
RICHMOND, Va., May 13—Col. Denny, 89-year-old retired bishop of the Methodist Episcopal church, South, and a militant in the unification of that church with other branches of Methodism, died at his home here yesterday.

Blackout Results Praised

(Continued from Page 1)

ren, accompanied by a member of the editorial staff of The Star, was driven to the Usher & Phillips building where it was previously planned he would join County Civilian Defense Coordinator William R. Martin, by John Anderson of the CD motor pool. The inspector was taken to the fifth floor and there joined Coordinator Martin and David Barringer of Boy Scout Troop No. 1.

First Signal

By the time the county coordinator and the inspection official took up stations in the seventh floor tower, the Blue Warning Signal No. 2 or the first audible signal was beginning to sound. The effect was as if one main switch had been thrown at Marion's source of power. This was the signal blacking out all buildings and street lights, but which permitted traffic to continue at a reduced speed and with dimmed lights. Except for scattered parked automobiles and an unusually few lighted homes and one outdoor sign near the Erie railroad crossing on North Main street, which remained lit for 12 minutes, following the first audible signal, the rest of the test was a complete success.

For a short period following the first audible warning lights at the Marion Engineer Depot were blacked out and most of the lights in the Erie yards were also put out. These were turned on again to allow the resumption of work before Signal No. 3, a Red flash, was heard at 10:27.

Twice during the 34½ minute test eastbound trains passed through the city. Both trains, inspection officer and Coordinator Martin noted, were proceeding through the city in compliance with blackout regulations.

Almost Completely Dark

Near the end of the 20-minute period which followed Signal No. 2, only lights which could be seen in the city were traffic signals, industrial lights, and an occasional CD automobile or motorcycle. These vehicles are easily distinguished from ordinary autos and cycles in that each carries a large CD pennant on the front. In addition the right hand lights of CD autos are blacked out.

When Signal No. 3, the second audible warning, was sounded only lights which could be seen were those of the two large military reservations outside of the city limits, others in the railroad yards in the west section of the city, one or two at the Chesapeake & Ohio yards on West Fairground street, scattered industrial lights in the west and south areas, and one home light placed by CD officials in the Mt. Vernon avenue area.

While the "Mt. Vernon avenue area" light was the only one which could be seen from atop the Usher-Phillips building, a number of others were reported to the control center by air wardens throughout the city.

The Usher-Phillips tower offered the best vantage point in the city. From it could be seen all of the city of Marion and a goodly amount of the county.

If an enemy attack had been made last night under the same conditions as the test, a complete blackout of all city lights wouldn't have been enough to keep sharp-eyed raiders from spotting Marion. The reflection of the moon alone clearly outlined the buildings, tops of chimneys, and roofs.

One building, for example, from the observation point appeared like a landing field in miniature. While neither Coordinator Martin or Mr. Herron singled out one section of the city in particular as a representative blackout area, that part of the city lying immediately south of the Usher-Phillips building to the city limits over an area about eight blocks wide, showed no signs of light.

Surprisingly efficient was the manner in which the blackout was handled in the large area from the region around Silver street, school building to Garfield park.

When traffic signals were turned on and traffic was allowed to resume on the third audible signal at 10:38, a large number of cars immediately began to move and in the four minutes between this signal and the "all-clear," a few trucks which had been parked on the outskirts of the city began to pass through the downtown area. The all clear signalled by the turning on of street lights ended the test which spanned 51 minutes from the first signal received from state headquarters until the end.

GERMANS FILE INTO PRISON

BY DANIEL DE LUCE
AP War Correspondent

MEDJEZ-EL-BAB, TUNISIA, May 12.—Africa's strongest prison opened yesterday for 90 miles from the tip of Cap Bon peninsula to the bomb-scarred hamlet of Medjez-El-Bab, 34 miles west of captured Tunis.

The picture: Adolf Hitler's invincibles were driving themselves, unescorted, to allied prison pens. German and Italian soldiers crowded into every kind of vehicle in their armies except tanks, streaming in a dust-choked file almost bumper to bumper through the battle zone in which the North African campaign was fought for six months and concluded with a six-day allied attack.

After the battle, the beaten axis survivors drove without any sort of British guard along a route where military police were 10 miles or more apart.

Like uncertain tourists, the surrendered enemy kept inquiring the correct way to their ultimate destination, and at every halt from curious allied service troops.

Fricassee of Tripe

Featured in Menu

By BETSY NEWMAN

Tripe was once considered a great delicacy. It has been out of fashion for some time now, although there are epicures who always have eaten it. As it is on the unrestricted meat list, it is back in style now, and so we should learn how to cook it to make very dishes for our families. I'm giving you two good recipes today. Do try them.

Tripe Fricassee
One lb. tripe, 2 tbsps. lard, 1 tsp. flour, 1 carrot, chopped, 1 tsp. chopped parsley, 1 bay leaf, 1 onion, chopped, 1 tsp. lemon juice, 1 c. hot water.

Pre-cook tripe as follows: Wash thoroughly in two or three waters, then cover with salted water and simmer until tender—1 or 2 hours. Cook it thoroughly. Cut in strips 1/2 inch wide. Heat lard, blend in flour and cook slowly until browned; add onion, brown. Add carrot, parsley, bay leaf, lemon juice and tripe and cook 5 minutes, stirring. Add water, cover, simmer 1/2 hour and serve on toast. Serves 4.

Creamy Tripe Stew
One lb. tripe, 1 c. water, 1 tsp. chopped onion, 3 c. diced potatoes, 1/4 c. cooked tomatoes, 1 tsp. chopped olives, 1 tsp. salt, few grains pepper, 6 tbsps. flour, 1 c. milk.

Wash tripe, cut in thin strips, add water, cover and cook 1 to 1 1/2 hours or until tender. Add onion, potatoes, tomatoes, olives, salt and pepper 1/2 hour before end of cooking time. Mix flour with a little milk to smooth paste, add remaining milk and gradually add tripe to mixture and cook, stirring until thick. Serves 4.

WAFFLE IRON AT WORK

SWELL MEALS AHEAD
with golden-brown waffles! Serve 'em plain, or heap with meat or vegetables. Delicious! And quick, too, with Duff's Waffle Mix.

ADD WATER • MIX • BAKE • That's all!

Duff's Gingerbread Mix

COURT NEWS

License To Wed
A marriage license has been issued in probate court to Robert Millisor, of Marion, steelworker, and Mary Jarvis, of Marion.

Suit for Accounting
The sum of \$200 is sought in a money action filed in common pleas court by Francis P. Dwyer against Alonzo Granger. The petition also asks for an accounting of rents and commissions on properties alleged to have been sold by the defendant while the two men were business partners. The firm of Mouser & Mouser represent the plaintiff.

Sues on \$4,099 Claim
Fronie Long has filed a suit in common pleas court against Cora L. Dutt and Edna L. Jennings, administrators of the estate of Thomas Miller, seeking payment of the sum of \$4,099 which she claims is due her for services as a practical nurse and for household duties performed while employed at the Miller home. Mouser & Mouser represent the plaintiff.

Damage Suit
Suit has been filed in municipal court against Herman Neff of 378 Girard avenue on a damage claim of \$1,000 resulting from an accident the night of February 14 at Route 4 and 11 S. Route 23. The suit was filed by Walter Ruetsch on behalf of Luther Ruetsch, a minor.

The petition states that as Luther Ruetsch was helping another man get his car started, an auto driven by Mr. Neff collided with the Ruetsch car while going in the same direction. J. C. A. Arter is attorney for the plaintiff.

MAN KNOWN IN WALDO DIES

Special to The Star
WALDO, O., May 13 — Word has been received by relatives here that George O'Brien of Wheeling, W. Va., has died. Mr. O'Brien and his wife, the former

Maude Gompl of Waldo, have frequently visited friends in Marion County.
There are nine government-owned herds of buffalo in the United States.

NAVY CLUB ELECTS REUNION DELEGATES

Also Makes Plans for Memorial Services.

Delegates to the annual reunion of the Navy Club will be held in Springfield, O., on June 25-26, were elected at a regular meeting of the Marion Navy Club Monday night. Norval V. Foreman and Arthur Watt were selected with Floyd Seaton and Nelson Burdette as alternates.
Plans were made to attend the annual memorial services at Waldo on Sunday, May 23 at 1:30 p. m. and return to P. rest Glen committee in charge of the Navy club will hold its annual service to Navy dead at 4:30 p. m. The committee in charge of the Navy service are Omar Goodrich, Ervin Brethaupt, William Brown and Martin Wolfe. Floyd Seaton will represent the club at a Memorial day committee meeting Monday night.
The club voted to buy a \$100 war bond in the local area for a bomber to be named for the county.
Mary Lou Cornelius sang "Some Of These Days," "St. Louis Blues," "When The Lights Go On Again," "All Over The World" and "A Good Man Is Hard To Find," accompanied by Virginia Groves at the piano.
Robert Brown, ship cook 3 c. 10 years from last war, was a drummer.
Mable Kramp was elected to the office of junior executive. A letter from her father, Captain Robert C. Kramp, who resigned his commission in 1918, was read by a committee composed of Clyde Griffith and Arthur Watt.

BROKEN BACK
Associated Press
A man who was injured in a fall from a horse in the northern town of Marion, Ohio, was taken to the hospital in a private ambulance. The man, who was 40 years old, was riding a horse named "Blaze" when he fell from the back of the animal. The fall occurred on Tuesday night, and the man was taken to the hospital in a private ambulance. The fall occurred on Tuesday night, and the man was taken to the hospital in a private ambulance.

Tongue Recipes in Menu

BY BETSY NEWMAN

Of course we must celebrate a gala occasion even if we are rationed and in war. Such things boost morale and are ever-present helps in time of trouble. Let's see what we can conjure up in the way of a menu for which we can get the makings.

MENU

Cocktail Supreme, Wafers, Boiled Tongue or Tongue Creole, Scalloped Potatoes, Broccoli, Celery, Cabbage, Grapefruit and Orange Salad, Brazil Nut Souffle Pudding, Coffee.

Cocktail Supreme

3 c. calavo avocado cubes or balls, 1/2 c. tomato catsup, 1 tsp. prepared horseradish, 1 tsp. mayonnaise, 1 tsp. Worcestershire sauce, 2 tbsps. lemon juice, 1/4 tsp. salt, Dash tabasco sauce. Apportion 1/2 cup avocado cubes or balls to each of 6 cocktails. Combine catsup, horseradish, Worcestershire sauce, lemon juice, mayonnaise, salt and tabasco sauce, blend and pour over fruit. Serve chilled. Serves 6. If sliced directly into glasses, allow 1-3 medium sized fruit to a serving.

Boiled Tongue

1 medium sized beef, pork or lamb tongue, 2 carrots, sliced, 1 stalk celery, 1 onion, chopped, 1 tbsps. cloves, 1/2 tsp. pepper, 1

tsp. salt.

Wash tongue well in cold water, put into kettle of boiling water with vegetables and seasonings. Cover and simmer until tender when tested with a fork, from 2 to 3 hours. Do not overcook. Remove kettle from heat and let meat cool in liquid, then remove

skin, or, if time is short, remove at once, cool and skin, plain or with a sauce.

Tongue a la Creole

1 cooked tongue, 4 tbsps. chopped onion, 2 tbsps. chopped green pepper, 2 tbsps. fat, 2 tbsps. flour, 1/2 c. strained tongue stock, 1/2 c. chili sauce, 1 tsp. chopped parsley.

Saute onion and green pepper in fat. Butter or bacon fat may be

used. Sauté 3 minutes, blend in flour, stir in stock gradually, stirring to make sauce smooth; add chili sauce and parsley. Season to taste, pour over tongue and bake together in moderately hot oven (375 degrees F.) 30 minutes, basting tongue frequently with sauce.

(Good luck is a lady man's estimate of a worker's success.) (Unknown)

Wyandot Co. Men

Pass State Tests

Three Wyandot county men are among the more than 1,000 persons who have successfully passed the examination for highway department jobs, according to an Associated Press dispatch. The announcement was made today by the state civil service commission. The men, who qualified for county

highway maintenance superintendent at salaries ranging from \$130 to \$215 a month, are Orry Fox, Loren Kne and Ralph Huffman. Appointments must be made only if the incumbent superintendent is a provisional appointee and at least three aspirants successfully passed the civil service examinations. Incumbent superintendents with full civil service status are not required to take the examinations, the dispatch states.

MEATS

It's Wise Economy To Ration-Shop Once a Week!

Do most of your ration shopping once a week, early in the week, early in the day, and you'll see that it's not only good sense, it's good economy! By shopping once a week for most rationed foods you need, you can budget total family ration points ahead... figuring out a week's actual food requirements, without danger of overspending! Shopping early, you'll find stores less crowded, too. You can browse about and compare rationed items... for nutrition, for point cost, for value! An you'll be able to take time to make certain of getting the most for your points. At A&P, you'll find unusually wide selections of foods for both red and blue ration stamps.

Cincinnati Fans Decide Against Big Time Boxing

By The Associated Press

CINCINNATI, May 13 — Pro boxer Benny Becker's campaign to revive big-time boxing in Cincinnati was off to an inauspicious start today.

Jack La Motta, middleweight contender from the Bronx, scored a sixth-round technical knockout over Tony Ferrara of Brooklyn in a scheduled 10-round bout. Becker said he was in the ring to see if he wanted to fight La Motta.

Becker said he was in the ring to see if he wanted to fight La Motta. He said he was in the ring to see if he wanted to fight La Motta.

The Sportsman

Fisherman don't agree on the best kinds of bait for taking various types of fish from Ohio waters but most of them are eager for more information on the subject.

Without getting into any arguments as to the merits and demerits of baits, it is interesting to look at the records on census reports compiled by E. L. Wickliff of the Ohio Division of Conservation and Natural Resources, for a total of 4,585 fish caught. These census reports show that live crawfish, especially soft-shelled crabs, took more smallmouth bass, while minnows were responsible for the catching of nine out of ten of the crappies taken.

The lowly angleworm enticed the most fish to bite on hook and line and these include rock bass, blue gills, sunfish, bullheads, channel catfish and suckers, while doughballs proved the downfall of four-fifths of all carp taken.

Of the total number of fish taken, worms were responsible for 60 per cent, minnows 20 per cent, doughballs, 10 per cent and crawfish 8 per cent.

CUT MACHINE TOOL OUTPUT

U. S. Now Has Sufficient Plants for Production of War Material.

By The Associated Press

WASHINGTON, May 13 — Because the nation now has the plants and tools needed to build production to meet the axis, the war production board yesterday ordered a sweeping cut-back in new war plant construction and machine tool output.

An estimated \$4,000,000,000 worth of approved government-financed plant projects and machine tool contracts will be reviewed by the WPB, and in every case where existing plants or machines can do the job, the contracts are to be cancelled and plant construction stopped.

Signalling the final breaking of the machine tool bottleneck, WPB said a number of tool makers would no longer be needed and into direct production of munitions.

While saying that the conversion job within the war program is on a scale "not unlike the conversion that accompanied industry's original changeover from civilian to military production," and that there would be temporary shutdowns—and resultant unemployment—WPB officials insisted that "any slack" will be absorbed speedily, by the upswinging pace of actual armament production.

"With the exception of certain special programs, some special machinery, and further expansion of raw materials production, the United States at last has the machine tools and the capital equipment it needs to build production to meet the axis," the WPB declared.

"For the first time in its history the nation now has a physical plant adequate to make the maximum use of its resources in men, skill and materials," it said.

The action, approved yesterday at a WPB meeting attended by representatives of all the armed services, was intended to throw into direct production of weapons all the manpower and materials which now can be diverted safely from the building of factories and machinery.

"The effects of the move will be far-reaching," WPB said, "some facilities now being built will be stopped; some facilities which are now in place producing direct or indirect military goods will be curtailed, as shifts are made from one type of production to another."

"These shutdowns and curtailments represent a gain to the war effort; they free skilled craftsmen who are urgently needed in war plants, and they free for direct war production machinery and equipment which is needed with equal urgency."

"All in all, they make it possible to continue the rising rate of overall war production, which must be continued if the year's program is to be met," WPB spokesmen said that the "must" programs would not be affected. These include certain expansions in raw materials production, the aircraft program, and certain chemical programs including aviation gasoline and synthetic rubber.

Neither is it likely to affect the \$7,000,000,000 worth of plants scheduled for completion by the end of June.

COTTONLEATHER NEW MATERIAL FOR SHOES

Plastic Developed in Small Southern Laboratory.

By HOWARD W. BLAKESLEE

Associated Press Science Editor

CHARLOTTE, N. C. (Cottonleather, a new plastic produced by four young men and a cut in a small asbestos textile mill, soon will be making shoe soles for millions of Americans.

Big business is taking over the manufacture, for possibly 55,000,000 pairs of shoes annually. But the achievement is strictly a feat of little business. It was accomplished in a home-made, one-board laboratory using a combination of hand-made, second-hand and new machinery, at the mill of the Southern Friction Materials Co., down behind a woody hill at the edge of Charlotte.

Cottonleather is heavy, woven cotton fabric of the sort used to drive machine pulleys, impregnated with a special plastic binder. This forms a tan-colored solid, as hard but as flexible as sole leather.

The cotton fabric used is at

Pitfalls of Love

By ADELE GARRISON

MY FATHER went rapidly to ward the telephone when I called for mother and Margaret. Margaret, please come with Katherine and me to the other side," he said. "Adams and Davis, please stay here until I call you." As he hurried to the bathroom and living room of my father, I closed my eyes and thought, "She is really in Ruth Hayes' hands. She is really in Ruth Hayes' hands."

"What did you tell her?" my father said. "I told her I take it you did not know that you were Mrs. Bickett."

"I'm afraid you will have to take over, Margaret," my father said. "Go to the telephone and find out if it really is Ruth Hayes, or an emissary of hers who is calling. You will have to use your own judgment from then on, but—as he looked with compassion at Katherine—he said:

"I am afraid you will have to take over, Margaret," my father said. "Go to the telephone and find out if it really is Ruth Hayes, or an emissary of hers who is calling. You will have to use your own judgment from then on, but—as he looked with compassion at Katherine—he said:

The Stars Say—

For Friday, May 14.

WHILE THERE is augury of some rather disagreeable and frustrating incidents in this day's astrological chart, yet there are as well testimonies of very propitious and pleasant adventures. Although the mind may be keyed to ideas and plans of ambitious weight, and the judgment may be sound, if not brilliant, yet the impeding force may be due to low vitality or to bursts of temper and turmoil. In certain phases there may be romantic or dramatic urges, giving pleasure and gratification.

These whose birthday it is may be confronted by a year in which their individual traits and conduct may prove a frustrating force over and against strong astral promise of success. Ambitious projects in which the public seems helpfully involved should thrive and bring position or influence.

A child born on this day may have splendid mental endowments and ingenuity, with ambitions and objectives of progressive scope. Yet a depressed attitude, low vitality, inclining to rash and irresponsible acts, might defeat its aspirations. Finances and romance may be stimulated.

NEEDLEWORK PATTERN

By Anna Wheeler

America, the Beautiful! Form this map of our country! The states in different colored materials—the state flowers embroidered on it. Its fascinating worthwhile needlework that will be an heirloom in any family. Pattern 320 contains a transfer pattern of each state with flower (a 20-inch map when finished); color chart; materials required.

Send eleven cents in coins for this pattern to The Marion Star, Needlecraft Dept., 82 Eighth Avenue, New York, N. Y. Write plainly—pattern number, your name and address.

the mother. "No one could ever forget that night," she said. "I never mind my father. I said, 'If you don't like it, you know, I'll be here to take care of you. Who are you, and what do you want? And I must remind you that I am extremely busy.'"

"Don't you ever change that mind and change it to a more pleasant one?" she asked. "I don't know, but I'll try to get hold of her. Please hold the wire."

"I don't wait for an answer, but I went to Katherine and put my lips to her ear.

"I think you would better listen to her, dear," I said, "but I shall be right beside you, ready to take over if she gets too insolent."

"Thank you," my father said. "And now, Margaret."

"I am afraid you will have to take over, Margaret," my father said. "Go to the telephone and find out if it really is Ruth Hayes, or an emissary of hers who is calling. You will have to use your own judgment from then on, but—as he looked with compassion at Katherine—he said:

peaked to that sweet peace which he knew yesterday.

In the treatment of acid dyspepsia diet is of paramount importance and the use of proteins needs the preferred list because they arouse the secretion of the stomach's acid, thereby use most of the energy of the stomach's acid. The most suitable, such as spaghetti are likely to do just as much harm.

And the poor allergy victim. The one who is sensitive to some food. About one-half of 10 percent of them are sensitive to a vegetable of 100. Some are sensitive to milk and some to eggs; a very few, to meat. As the allergy person looks over the list of things that are available to him, he must shudder and already anticipate the sacrifice that he has to make for his country. He will be really patriotic—with the nerves, white with his pallor and blue mentally.

Diabetics
Another group who are going to have to make some very nice calculations are the diabetics. There are said to be nearly 2,000,000 in the United States and while they are used to nice calculations, they probably have not known anything yet. They are also faced with an abundance of carbohydrates and vegetable foods which they will promptly turn into sugar and which they cannot metabolize. Their protein sources will be reduced, certainly as far as meat is concerned, and the question is how many eggs they can get.

I am going to make some suggestions about these people in the

near future—in fact, as soon as I find out what patients are all about myself.

QUESTIONS AND ANSWERS

Q: What is psychoneurosis? What causes it and is there any treatment for same? Just how bad does the case have to be when the Army will reject the individual?

A: A psychoneurosis consists of symptoms caused by an upset nervous system rather than any organic disease of the organs of the body. Patients with this condition are called neurasthenics or hypochondriacs. Treatment under a sympathetic nerve specialist is usually successful. Standard for Army rejection is a matter of judgment on the part of the examiner. In general, I would say that if the condition is not so bad that the problems of life promptly and decisively, he should be rejected.

P. C.: Can anyone with a cleft palate have a surgical operation so as to be able to talk plainly? Answer: Yes. But it should be done early in life. These operations are successful in proportion to the early age at which they are performed.

VICHY LEADERS ARRESTED
By The Associated Press
BERN, SWITZERLAND, May 12.—The Gazette de Lausanne reported here today that 130 Frenchmen, many of them government officials, have been arrested in Vichy on a charge of plotting to overthrow Pierre Laval, chief of the French government at Vichy.

YOUR HEALTH

By LOGAN CLENDENING, M. D.

Rationing and Diet
THE PEOPLE who have to use a special and peculiar type of diet on account of allergy or dyspepsia are a little out of luck during rationing. The official lists and tables of food are all set out very neatly with the exact amount of protein, carbohydrate, fat, vitamin and mineral requirements everybody should have, but it is left more or less to the imagination in what form they are going to get them.

For instance, I saw the other day in a magazine a photograph of the breakfast that we used to eat in 1942 and the breakfast that we are expected to eat in 1943. The pictures were in color and the food looked equally appetizing—a normal, average person.

Whereas the breakfast of 1942 consisted of fruit, two nice fried eggs, two strips of bacon and some toast, these last two items were replaced in the breakfast of 1943 by three large, thick pancakes or wheat cakes, maple syrup and a glass of milk. Now your average grade-school boy, bless his heart, would gulp this down with pleasure and get plenty of protein out of it, but the slight is enough to make a person with a duodenal ulcer or acid dyspepsia writhe.

If the wheat cakes were soft and tender, they would be around in his stomach—for hours and hours and hours. And they would make their presence known. They would feel as if a stone had been swallowed and sometimes as if it rolled over and all the bicarbonate of soda in the world would not medicine the dys-

Daily Pattern For Home Use

By ANNE ADAMS

Right in the summer spotlight is the sun-tan dress with a jacket... like this very attractive one by Anne Adams, Pattern 4041. Use white pique for the halter-neck frock with its waist-whittling inset band. The bolero is gay in print.

Pattern 4041 is available only in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40. Size 16, sundress, requires 2½ yards 35-inch; bolero, 1 yard contrast.

Send sixteen cents in coins for this Anne Adams pattern. Write plainly size, name, address, style number.

Ten cents more brings you our new Summer Pattern Book with cool, smart styles for work and play.

Send your order to The Marion Star, Pattern Department, 213 West 17th St., New York, N. Y.

Just Kids

By Ad Carter

HEY-MUSH!

I HAVE FIFTY CENTS TO BUY A PRESENT FOR MARY-JANE'S BIRTHDAY PARTY—WHAT SHOULD I BUY?

I'LL THINK A BIT.

PAT-YOU'D BETTER PICK IT OUT YOURSELF—SHE'LL LIKE IT MORE—IF YOU DO.

YOU'RE RIGHT—CONFUCIUS SAY—"MAN NO MIND HIS OWN—NOT WORTH WHILE."

IT'S FUNNY-PECULIAR—SHE DIDN'T GET AN INVITATION.

AND MY FIANCEE.

PAT-YOU'D BETTER PICK IT OUT YOURSELF—SHE'LL LIKE IT MORE—IF YOU DO.

YOU'RE RIGHT—CONFUCIUS SAY—"MAN NO MIND HIS OWN—NOT WORTH WHILE."

IT'S FUNNY-PECULIAR—SHE DIDN'T GET AN INVITATION.

AND MY FIANCEE.
